

## INVITATION TO TEACH

We INVITE you to teach one introductory two-hour class for adults or a one hour class appropriate for youths or the disabled in your art or craft completing the circle Learn Do Teach. We will provide the classroom and the supplies. Classes will be scheduled to take place in June in the Blairsville area.

Your participation is voluntary out of your dedication to support the arts and to promote the continuation and expansion of your craft. This is not a requirement and you may exhibit in the Spring Arts and Crafts event without volunteering to teach. You may also volunteer to assist another artist instructor.

Please complete this form and return it with your application.
